## TREATMENT BAR + HAIR HEALTH

When your hair is in the best condition it looks it's best. We have a number of restorative treatments to help strengthen, hydrate, smooth and repair. Your stylist can prescribe the right treatment or combination for you.

Smooth, protein, moisture, curl tamer, colour boost at the back wash or added as a shot to colour. £12

## BOND BUILDER - HAIR RECONSTRUCTOR £45

Performed as a stand alone service or as part of your colour service, bond fusion gives weakened hair it's strength back and helps protect during the colouring process.

Part 1 (the bond builder) can either be applied to your hair directly or added into the colour we are applying to your hair. This part reduces breakage by 43%. Part 2 we apply at the backwash and this seals part 1 into the hair and makes the hair feel great. Part 3 is a full size home treatment that acts as a booster and designed to use weekly as maintenance.

## PRODUCTS & STYLING ADVICE

The colour we use gives us the freedom to create the most beautiful bespoke shades and is nourishing and fortifying. Your hair will not only look great but feel better than before because of the premium pigments and luxury ingredients such as shea butter and precious oils it contains.

Once at home we want to make sure you enjoy your new cut and colour and part of our job is to recommend ways to style your hair. We can also offer advice and help with any hair dilemmas. Products have moved on leaps and bounds and there are a myriad of options to help speed up drying time, tame unruly hair, keep your colour vibrant and help boost volume and root lift. Please ask if you would like recommendations and any tips, it's all part of the service.

## PREMIUM HAIR EXTENSIONS

We have been fitting hair extensions since 2005 and have two ranges, both are ethically sourced, premium quality human hair and come in a wide range of colours. We are experts in colour matching to create a seamless blend between your own hair and the extensions. Typically the keratin bonded system lasts for 6 months. Please call and book for a free consultation.

If you have not had colour applied by us within the last 4 months. Please note a sensitivity test and strand test will be required at least 48 hours before your colour appointment.
